

## C9900-S4xx | Microsoft Windows 10 IoT Enterprise 2019 LTSC for Beckhoff Industrial PCs

With Microsoft Windows 10 Enterprise 2016 LTSB (version 1607) Beckhoff introduces the successor to Microsoft Windows 10 IoT Enterprise 2016 LTSB (version 1607). Windows 10 – just like Windows 7 – supports multi-touch operating concepts and makes the tile design come to life. Pricing is based on CPU classes, allowing Intel Atom® processors and processors in the mid-performance range to be offered at considerably lower prices.
