Attachment to the connection components with 4 self-tapping screws in the screw channel. May be cut to any required length, no thread-tapping required. Open cable duct for easy servicing access and for pre-assembled cables with connectors; lockable via cover section. X-shaped profiling for greater load capacity, large cable routing channels. Upper channel adequate for cables with large connectors (e.g. DVI or VGA) and available/usable throughout the entire system.

Material:

Support section: Extruded aluminium section

Cover: Plastic

Colour:
