

SIEMENS
SST2 507

The image shows a Siemens SST2 507 terminal block, a grey plastic component used for electrical wiring. It features a top mounting flange with a circular hole, a central screw terminal, and two rows of three screw terminals at the bottom. The front panel is labeled with the Siemens logo, the model number SST2 507, the CE mark, and the UL logo. Technical specifications are also printed: $U_i : 690V \sim$ and $I_n : 160A$. The block is designed for DIN rail mounting and is commonly used in industrial and commercial electrical systems.
