### 7.1 Door mounting kit

#### Door mounting kit

To allow the IOP to be mounted into the door of a cabinet, the door mounting kit (DMK) has been designed. This will allow the IOP to be fitted to the front of a panel or door and be IP54 rated.

The fitting of the DMK is accomplished as shown in the figure below.

Figure 7-1 Installation of IOP door mounting kit

Prior to the installation of the DMK, it is necessary to create a hole in the panel or cabinet with the dimensions as shown in the figure below:

Figure 7-2 Door mounting kit drilling pattern

The depth of the panel or cabinet door should be between 1 mm to 3 mm

The IOP Door Mounting Kit can be ordered using the following order number:

6SL3256-0AP00-0JA0
